JOURNAL OF THE PROCEEDINGS OF THE PRESIDENT AND THE BOARD OF TRUSTEES
AT A COMMITTEE OF THE WHOLE MEETING

HELD ON MONDAY, MAY 23, 2011
IN THE BROOKFIELD MUNICIPAL BUILDING

MEMBERS PRESENT: President Michael J. Garvey, Trustees Catherine Edwards, Michael Towner, Kit Ketchmark, C.P. Hall II, Brian Oberhauser and Ryan Evans. Village Clerk Brigid Weber.

MEMBERS ABSENT: None

ALSO PRESENT: Village Manager Riccardo F. Ginex, Assistant Village Manager Keith Sbiral, Village Attorney Richard Ramello and Deputy Village Clerk Theresa Coady.

OTHERS PRESENT: None.

On Monday, May 23, 2011, President Garvey called the Committee of the Whole meeting to order at 7:02 P.M.

Discussion Items

Insurance Renewal Costs

Meetings with employees being conducted to explain the various options available during insurance renewal period. Due to limitations with our collective bargaining units that prohibit the Village from changing the insurance plan if it increases a union member's contribution, the Village must get an agreement from all five units before the Village can move to Options 2 through four. A decision is expected by May 27. Staff is recommending Option 3. However, the Village will need a letter from all five unions in order to go with Option 3. If said letters not received, Staff recommends going with Option 1 which would lower the premium increase to 7.3%.

IPPFA Prescription Discount Cards

Through the Illinois Public Pension Fund Association (IPPFA), the Village can offer our residents a free prescription discount card that provides an average savings of 40% off the retail price of prescription medication. Residents who are without health insurance or a traditional pharmacy benefit plan or have prescriptions not covered by insurance have a solution to obtain medications at a discount. All family members are covered. There are no age or income requirements.

There is no cost to the Village to provide this program to our residents. We are provided with the discount cards through IPPFA. Our role will be to promote the program and "spread the word" about the availability. The card is accepted at these pharmacies in or near Brookfield: Jewel-Osco, Dominick's, CVS, Target, and Walgreens.

Staff recommends offering this program to Brookfield residents.

New Ambulance

Village Board discussed whether staff should proceed with finding funding for items requested by Fire Department.

Johnny B's request for a Special Event Liquor License

The owner of Johnny B's Bar and grill, John Benedett, is asking for a Class S liquor license for their annual motorcycle run charity event for the Kiwanis Handicapped Kids Camp. The event would take place on Sunday, July 10th from 3 P.M. to dusk.

Food and beverages would be served inside but patrons would come outside to listen to a band that would be set up on the private property east of the establishment. Additionally, they are asking to close Brookfield Ave. between Hollywood and Parks for the time of the event. The Village Manager can authorize the closing of the roadway. Staff recommends approval.

Item to be on Agenda for approval vote at the Regular Village Board meeting scheduled for June 13, 2011.

Economic Development & 2020 Master Plan Implementation Status Update

Staff gave a presentation of current economic development efforts and a review of the 2020 Master Plan Implementation Strategy first presented almost five years ago.

Staff recommends the Village Board discuss the economic development strategies and inform staff of a general consensus or any modification in direction the Board wishes to take.

Motion by Trustee Towner, seconded by Trustee Edwards, to adjourn the Committee of the Whole Meeting of May 23, 2011 at 8:08 P.M. Upon roll call, the motion carried as follows: Ayes: Trustees Edwards, Towner, LeClere, Hall, Oberhauser and Evans. Nays: None. Absent: None.

COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

BOARD ITEM MEMO

ITEM: Energy Efficiency And Conservation Block Grant Program (EECBG) BID AWARD

COMMITTEE DATE: June 13, 2011

PREPARED BY: Keith Sbiral, AICP, Assistant Village Manager/Village Treasurer 

PURPOSE: Bid Award for HVAC and WINDOW projects for EECBG Grant

BUDGET AMOUNT: 100% Grant Award

BACKGROUND:

The Village has been awarded an \$80,000 grant from an application submitted August 10, 2009. The grant is for energy efficiency improvements at the Village Hall. The Village Board approved the Grant agreement in September 2010 to move forward with the project. The Village went out for bid for both the Window and HVAC project in late May and the bid opening was Friday, June 10.

Because the opening was so late in the packet cycle, the Resolutions in this packet are placeholders. Once background references have been checked, final resolutions will be handed out on Monday night. Because of timelines for the grant, Staff would like to have the bid awarded on June 13 so that work can begin as soon as possible.

Please note that the grant has specific requirements with respect to bidding and acquisition that must be adhered to as this funding is part of the American Recovery and Reinvestment Act (ARRA).

Staff will give background on this project and present how the grant will be managed.

ATTACHMENTS:

1. Two Draft Resolutions of Bid Award

STAFF RECOMMENDATION:

Award the Bid.

REQUESTED COURSE OF ACTION:

The Board of Trustees will be presented with a formal resolutions in final form for approval.

ITEM: Reserve Policy

COMMITTEE DATE: June 13, 2011

PREPARED BY: Keith R. Sbiral, AICP, Assistant Village Manager
Doug Cooper, Finance Director

PURPOSE: Discuss Reserve Policy for the Village of Brookfield

BUDGET AMOUNT: N/A

BACKGROUND:

Over the last four years, Village Management has been discussing the Village Reserve Policy. The policy authorizes the Village to accumulate funds to a certain level in order to mitigate current and future risks. Several years ago the Village had to rely on several short term borrowing methods to address this situation; a reserve mitigates the need for this borrowing.

The Village financial foundation of a Reserve Policy is sound fiscal planning.

The previous Village Board of Trustees adopted Resolution 2010-781, A Resolution Adopting a General Fund Reserve Policy for the Village of Brookfield, Illinois. This policy sets forth the importance of a 25% reserve fund that can be drawn upon only after two board considerations at Committee of the Whole Meetings and a subsequent approval at a Board of Trustee Meeting (Ordinance 2010-11).

After 2010 and 2011 deposits to the reserve fund there are \$500,000 in the fund. The ultimate 25% funded level would result in just over \$3,250,000 in funds that would only be accessible in financial emergencies. The fiscal responsibility demonstrated by having this fund is important to ensuring future positive bond rating considerations.

The Reserve Policy contemplates each newly seated Board of Trustees consider and adopt the Resolution continuing the policy of sound fiscal planning as an endorsement of the reserve funding practice and to ensure the public of continued support for the fiscal planning.

VILLAGE OF BROOKFIELD GENERAL FUND RESERVE POLICY

Purpose and Objectives for Establishing the General Fund Reserve Policy

The Village of Brookfield determines that sound financial management principles require that sufficient funds be retained by the village to provide a stable financial base to support its operations. To assist in maintaining this stable financial base, the village desires to establish a policy to provide for financial reserves to mitigate the effect of unanticipated expenditures and revenue shortfalls. This General Fund Reserve Policy is intended to provide guidelines during the preparation of and deliberations on the annual budget to ensure that sufficient reserves are maintained for unanticipated expenditures or revenue shortfalls and to preserve flexibility throughout the fiscal year to make adjustments in funding for programs approved in connection with the annual budget. The General Fund Reserve Policy is being established based upon a long-term perspective recognizing that the stated threshold is considered a goal to be reached over a period of time, currently estimated to be six (6) years. The objective of establishing and maintaining a General Fund Reserve Policy is for the Village of Brookfield to be in a strong fiscal position that will be better able to weather negative economic trends.

Findings

Establishing a General Fund Reserve Policy is a prudent fiscal management tool to protect against temporary revenue shortfalls or unanticipated one-time expenditures. The Village of Brookfield's budget is tied to a variety of unpredictable and uncontrollable factors, which are to be monitored in the budget projection, including the following:

1. Receipt of state revenue is subject to fluctuation due to fluctuations in the state's financial condition and due to changes in tax revenue measures periodically made by the legislature.
2. Receipt of revenue from state and local sources is irregular when compared to the expenditures of funds, thereby creating periodic cash flow deficits during the year.
3. Higher than usual tax delinquencies may occur during periods of economic downturn, thus reducing property tax receipts.
4. Unexpected events can alter the budget by unexpectedly reducing revenues or adding costs. Examples include:
 - a. Mandated, but not funded, state or federal programs.
 - b. Increased utility or material costs due to abnormal fluctuations in supply, market conditions, unusually cold or otherwise inclement weather resulting in price increases; or
 - c. Economic recession or greater than expected inflation.

- d. Higher than expected wage and salary settlements.
- e. Unexpected deficits in other operating funds

Policy

It is the goal of the Village of Brookfield to achieve and thereafter maintain a General Fund Reserve balance equal to 25% of its annual expenditures. It is the interim policy of the Village of Brookfield to fund the General Fund Reserve balance in upcoming budget cycles in such amounts as deemed prudent under then-existing economic conditions towards a goal of achieving a General Fund Reserve balance equal to 25% of its annual expenditures within the next six (6) fiscal years.

Use of the General Fund Reserve Account

The Finance Director is hereby authorized and directed to establish a General Fund Reserve Account to be funded in upcoming budget cycles in such amounts as deemed prudent under then-existing economic conditions consistent with this policy. The General Fund Reserve Account reserves should only be used to provide a short-term solution to maintaining cash flow, maintaining services until projected revenue growth or necessary expenditure reductions are achieved to balance the budget and to provide overall financial stability. The General Fund Reserve Account reserves should not be used to fund capital projects or ongoing or routine operating expenditures under normal conditions. The board of trustees must evaluate the length and severity of the economic conditions and their impact on future revenue projections to determine the extent of expenditure reductions or revenue increases that are required to achieve and maintain the General Fund Reserve balance. Consistent with Section 2-27 of the Code of Ordinances, Village of Brookfield, Illinois which has been amended to so provide, except in emergencies, expenditures from the General Fund Reserve Account shall be discussed at not less than two regularly scheduled board of trustees committee of the whole meetings before being authorized by a majority vote of the board of trustees and thereafter approved by the village president.

Restoration of the General Fund Reserve Account

In fiscal years when it becomes necessary for the village to draw monies from the General Fund Reserve Account which causes balance of the account to drop below the level stated above, the board of trustees shall develop a plan to replenish the account to the required levels from net revenue surpluses in the subsequent year(s) until the balance is restored to the required level.

Administrative Responsibilities

The Finance Director shall be responsible for monitoring and reporting on the General Fund Reserve balance. The Village Manager is directed to make recommendations to the board of trustees on the accumulation and use of reserve funds both as an element of the annual operating budget submission and from time to time throughout the year as needs may arise.

Annual Report

The Finance Director shall annually submit a report to the board of trustees outlining the status of the General Fund Reserve balance. This report shall be submitted as an element of the annual operating budget submission. The Finance Director shall also provide status reports at other times to the board of trustees as may be requested.

General Fund Reserve Policy Adoption

This General Fund Reserve Policy shall be adopted by resolution by the board of trustees. The policy shall be reviewed by the board of trustees and the board of trustees must approve any modifications. It is recommended that the policy be reviewed and re-adopted following the inauguration of each new board of trustees.

COMMITTEE DATE: June 13, 2011

PREPARED BY: Keith Sbiral, AICP, Assistant Village Manager/Village Treasurer
Lt. James Episcopo
Cpt. Ed Bermann

PURPOSE: Authorization for Grant Award

BUDGET AMOUNT: > \$50,000 Grant Award

BACKGROUND:

The 2011 Narrowbanding Grant Assistance Illinois Terrorism Task Force Replacement Base Radio Request Application was brought to the attention of the Village recently. Both the Police and Fire Department Personnel prepared applications and it appears that the Village will be successful in receiving the grant funding. As you know, significant radio repair and replacements of antiquated Village equipment to meet standards set forth by the FCC has been an item during several of the recent budget discussions.

Attached to this memo are the grant applications. The expenditure will be in excess of \$50,000 and must be spent by June 30, 2011. Therefore, the Board must approve of the grant proposal, waive bids for J&L Electronics (our vendor for E-911 equipment), and approve the expenditure of the grant funds at the June 27, 2011 meeting. This grant will cover the majority of the costs and the Village will likely only expend funds for incidentals totaling less than \$5,000.

Staff will give background on this project and present how the grant will be managed.

ATTACHMENTS:

1. PD and FD Applications for various components.

STAFF RECOMMENDATION:

Staff will present the grant process and implementation.

REQUESTED COURSE OF ACTION:

The Board of Trustees will be presented with a formal approval documents at the June 27, 2011 meeting. Consensus is requested so funds under \$20,000 can be expended for the project in the meantime.

Our agency shares the radio band with three other neighboring departments, which provides local interoperability. Our local base station (located at the Police Department) is responsible for monitoring and dispatch for Police, Fire, Public Works, and also monitors an alternate band as well as ISPERN State Police frequency for added public and officer safety. These radios and base units have been in place since the late 1980's and have been serviced on a regular basis. In anticipation of the deadline in the last four years our agency has already purchased new portable and car radios that are narrowbanding compliant. Due to the current economic trends and budget constraints our agency is in desperate need of grant funds to purchase replacement equipment to meet our goals of narrowbanding by the December 31st, 2012 deadline.

By signing this application, the applicant acknowledges that he/she has read and understands the information provided with this application, agrees to provide a local match of at least 50% of the cost of the base radio, acknowledges that their agency holds a valid FCC authorization for the station requested, and will follow the local purchasing policies and/or procedures of the local government involved.

Request For: ☐ Police ☒ Fire ☐ EMS ☐ Public Works ☐ Accredited EMA
☐ Non-Accredited EMA ☐ 9-1-1 PSAP ☐ Other: _____

Can You Provide the 50% (Non-Federal) Cash Match: ☒ Yes ☐ No

Do you have a valid (current) FCC Radio Authorizations: ☒ Yes ☐ No Call Sign: WNMI241
(Attach a copy of the current FCC authorization.)

Narrative: In the space provided below, please provide a brief description that explains what the purpose of the radio is (how it is normally used – dispatch, station to units, interoperability, etc.), why grant funds are necessary to purchase the replacement radio, and what plan(s) the requesting agency has in place to meet the FCC's December 31, 2012 deadline for narrowbanding.

The radio base stations currently in use by the Brookfield Fire Department (BFD) are used for dispatch, station to units, and interoperability purposes. Both base stations have IFERN capability, the BFD interoperable frequency to contact other area departments not on the BFD main frequency, as well as to contact Illinois MABAS for assistance in fire, mass casualty, and disaster incidents.

The BFD plan to meet the narrowband deadline started in 2005 by budgeting funds to replace a mixture of mobile and portable radios. In 2007, the BFD was able to replace all mobile and portable radios with narrowband equipment. Unfortunately, with the economic downturn, the BFD has been forced to make drastic budget cuts, affecting not only equipment purchases, but staffing levels as well. These cuts have made it very difficult for the BFD to continue its plan to meet the narrowband deadline without financial assistance.

Thank you for your consideration in this matter.

By signing this application, the applicant acknowledges that he/she has read and understands the information provided with this application, agrees to provide a local match of at least 50% of the cost of the base radio, acknowledges that their agency holds a valid FCC authorization for the station requested, and will follow the local purchasing policies and/or procedures of the local government involved.
